Experience

2008 – 2015

Pediatric Dentist

Work with children ages 2 to 17 to determine the need for any dental procedures. Examine teeth and gums for potential problems and encourage preventative dental care. Perform cavity fillings tooth extractions and other dental procedures when necessary

2015 – present

Pediatric Dentist

Perform routine dental examinations on children using dental equipment as well as x-rays. Determine whether anesthetics should be used and correct dosage depending on child's age and weight
